EDUCATION

Bachelor. Computer Science   September 2012 — July 2016

Harbin Engineering University

ACCOMPLISHMENT

- First prize at ICPC, HLJ Division
- Third prize at ICPC, Four northeastern provinces Division
- Second prize at CCPC, HLJ Division
- Second Prize at CCPC, Four northeastern provinces Division

TECHNICAL SKILLS

- Languages: C, C++, Java, Go, Python
- IDE/Editors: VS, Eclipse, VIM
- WEB Technology: JavaScript, HTML, CSS
- Database: MySQL
- Platform: Linux, Windows

PROJECTS

- **http-lib** (https://github.com/quant67/http-lib)

  A tiny http library in C++, linux. The project aims to build upon the latest C++ standard (currently C++11) to provide easy to use libraries for http programming.

- **CompilerFrontEnd** (https://github.com/quant67/CompilerFrontEnd)

  Construct a syntax-tree node, check types, and generate three-adress intermediate code.

- **quant67.com** (http://quant67.com)

  My blog site base on github page.
